THE RETURN OF THE NATIVE

Matthew Grant

Matthew invites you along for a tale of coming back to the land, of how and why and what has been learnt along the way. Expect adventures in building a round wood timber framed cabin in the woods and navigating the treacherous realms of planning permission.

THE THAMES VALLEY: PAST, PRESENT AND FUTURE - A SNAPSHOT OF ENGLISH LIFE

Jim Donahue

You may have seen Jim's previous photographic based books on Whitchurch, Pangbourne, and Henley, celebrating English community life and the beautiful local scenery. Jim's new book builds on these themes but, at over three years in the making, is much more ambitious, telling the story of the Thames Valley's history for the first time and discussing key issues the region is facing going into the future. There is even a chapter celebrating Hardwick's unique community!
